English Department 2026-2027

Proposal for One-off Grant for Promotion of Self-directed Language Learning (English Language)

Background

- The Hong Kong school curriculum aims to promote whole-person development and nurture students into lifelong learners. One of the seven learning goals set in both the Primary Education Curriculum Guide and the Secondary Education Curriculum Guide is to cultivate students' biliterate and trilingual abilities.
- To further promote the effective use of English and PTH by students and consolidate Hong Kong education's advantages as highly international and diversified in nature, approximately $400 million in the Language Fund for providing the "One-off Grant for Promotion of Self-directed Language Learning (English Language)" and the "One-off Grant for Promotion of Self-directed Language Learning (Putonghua)" is offered to each public sector primary and secondary school in the 2024/25 school year.

Details

- An amount of $200,000 each is offered. Schools can deploy the grant to procure language learning resources, hire instructors or supporting staff or purchase services before the end of the 2026/27 school year.
- The grant can only be used for promoting self-directed language learning and enriching the language learning environment in schools. Schools may combine other subsidies from the EDB on a need basis to cover the relevant costs.
